

Bad One

I've been a bad one, I done slapped you around
I left you all tied up, all gagged and bound
I've been a bad one, I've been sleeping around
I slept with your sister, I found her down at the pound

I'm coming back on Tuesday, and you'd better be around

You ain't been no peach, you've been running your mouth
Word around town is, you've been going south
You ain't been no peach, you done brought me no smokes
I heard at the bar, that I'm the butt of your jokes

I'm coming back on Tuesday, and you'd better be around

I've been a bad one, I done slapped you around
I left you all tied up, all gagged and bound
You ain't been no peach, you done brought me no smokes
I got news for you bitch, I'm coming after your folks

I'm coming back on Tuesday, and you'd better be around
